drawer systems

## Granite System Features

- Removable 14 ga drawers
- Heavy 14 ga construction on the entire drawer system
- Heavy Duty 500lb drawer slide, tested 100,000 cycles
- Hidden latch assembly to deter theft
- Brushed Aluminum T Handle for beauty and easy opening
- Lockable T handle on every drawer
- Standard 3.5 inch riser built into every drawer system
- Four dividers included with every drawer
- Powder Coated drawer face, with 3-4 mil of PPG powder Coating
- Telescoping top shelf, up to 10 inches

We offer 3 inch, 5 inch and 7 inch drawer heights, in multiple configurations, of height, depth, and width. Our standard drawer depth is 18", however we also offer drawer depths from 10 inches through 62 inches, in 2 inch increments, for the various truck compartment sizes.

The Granite drawer system is very easy to order using our Granite Smart Number. All the customer needs to know are the following and we do the rest:

- Width of the compartment
- Quantity of 3 inch drawers desired
- Quantity of 5 inch drawers desired
- Quantity of 7 inch drawers desired
- Depth of the compartment
- Height of the compartment

## Warranty

Limited life time warranty. We warranty our drawer packs for the life time of the system, while in the possession of the original purchaser. The exclusions to this would be fire, theft(or damage caused by theft), abuse of the drawer pack, such as over-loading the pack, or putting more than 500 .lbs on the top shelf or any single drawer of the drawer pack. A full copy of our warranty is available upon request.
